Clarification of Requirement for Individual vs. Group IRS Determination/Affirmation Letter

Mr. Willard reported from research that the IRS no longer issues individual IRS determination letters. Mr. Willard further explained that some VFW groups do not prepare their own tax documents. Mr. Willard clarified the groups that do taxes on their own can have their own events in the same month; for the groups that do not do their own tax documents, the events should be shared with the parent organization.

Mr. Denver reported the State Adjutant General determines if the group (VFW only) is individually exempt and indicates this by having a Form 990 on file.

After further discussion, Mr. Willard clarified the determination of the IRS was that they did not issue individual IRS affirmation letters to the individual groups and that if the parent organization is a charitable organization under the 501 (c ) laws, then the sub group would be considered a charitable organization as well. Mr. Willard stated the only way the Board would be able to determine the number of allowable events was to obtain confirmation of an individual Federal EIN number.

Mr. Greene stated he would go along with the recommendation of Mr. Willard until problems occur and then the Board would revisit the issue.

**Public Comment**

*President of Sussex Chapter, National Federation of the Blind of Delaware* - Under an organization parent, such as National Federation of the Blind; how does it work legally for a group to use the main organization's status? Do they get their own events or use the same number?

Mr. Willard clarified for the Sussex Chapter President what the Board had determined regarding individual sub groups providing proof of a Federal EIN to allow for their own number of events.

The Sussex Chapter President stated the chapter is playing by the rules and doesn't want other organizations activities to affect their events.

Mr. Thibault asked what was the outcome of the letter read at last meeting. Mr. Thibault stated he didn't appreciate letter being read in open forum and doesn't feel it was fair to them (Performance Poker).

Mr. Greene apologized personally for the letter being read in open forum and the Board apologized.

Mr. Thibault stated he accepted the apology and would like to help the Board. Mr. Thibault suggested the Board should sit down with all the poker rooms every couple of months. Mr. Thibault welcomed the Board to come to the poker room any time. Mr. Thibault stated the concern is to keep the Board, the vendor, and charities happy. Mr. Thibault stated there are no minutes to read for the last three months. Mr. Thibault stated he is here to help you (the Board); to help rationalize through it (the process).

Mr. Greene stated that everything the Board does; rule changes, what Mr. Willard does; is in a public forum. Mr. Greene clarified that what was going to happen in regards to the letter was nothing. Mr. Greene said, "At the last meeting, there was the biggest quorum of public we've ever had and that's how that letter ended up being read. And again, I apologize for that."

C.W. Clayton stated he agreed the letter should have been kept out of the public. Then Mr. Clayton addressed the discussion regarding the vendors handling the money.

Mr. Willard stated there is already a rule that only the organization can handle the money in Charitable Gambling.

Mr. Clayton stated it is not clear.

Mr. Willard cited Rule 3.2.5 which was changed in November of 2009.

Mr. Clayton asked if the Board could reconsider it at another time as this is causing a hardship. Mr. Clayton described how games are handled in his organization.

Mr. Clayton asked the Board to reconsider raising the limit from \$150 to \$250. Mr. Clayton stated the organizations are happy with that.

Mr. Greene made a distinction that if a person goes to Harrington and loses his house, that's gambling. Mr. Greene stated that is not what the Board handles. Mr. Greene explained that the Board increased the limit of charitable gambling, and the Board has been preparing the organizations by announcing the legal gambling

was coming and urged them to be ready. Mr. Greene stated he would personally not vote to increase the limit.

Mr. Willard - The whole idea for charitable gambling was for churches to raise a little money and not for professional gamblers.

Mrs. Thibault stated there will be avid gamblers that will go to the casinos.

Mr. Greene stated the legislature is voting on table games. Mr. Greene stated the legislators don't want to see the limits increased.

The Sussex Chapter President asked - How can you say that? When you are going to open up a casino...

Mr. Greene stated charitable gambling and tournaments were not designed to win a weekly paycheck or pay a third party vendor.

The Sussex Chapter President stated the Board is limiting what the group can do with what the group can put back into the community.

Mr. Clayton stated the Board made some good steps raising the wagering limit from \$1 – \$3 to putting a cap on the loses. Mr. Clayton stated "I'm just asking you to consider raising the limit." Mr. Clayton stated the organizations that are benefiting the most from the events are going to suffer. Mr. Clayton petitioned the Board to make a compromise.

Mr. Greene stated – "If it comes to a vote today my vote would be no. It was not set up to pay for everything at one time."

The Sussex Chapter President questioned for clarification – "How tight is it on when a non profit is supposed to be there and no one shows up for one reason or another?" (referring to the requirement that a member from the organization is required to be at the event at all times)

Mr. Greene stated it had happened.

The Sussex Chapter President – "How strict on you are on that?"

Mr. Greene – "If I go in a see it, there is no leeway. It's written in the rules and statute."

Mr. Willard – "This is no offense to you as a third party vendor. But there are those that don't do what they are supposed to. "

Mr. Greene reviewed the limits.

Mr. Thibault asked what was to stop others from running the events illegally.

Mr. Greene stated the third party vendors and the organizations should know the rules and statute and follow them.

Mr. Clayton and Mr. Thibault described instances where the events were being conducted illegally and there was no one to stop the activity.

Mr. Greene stated he is aware the activity is occurring.

Mr. Clayton suggested making the rules harsher and having more enforcement of the rules. Mr. Clayton stated the non profit knows the longer a player sits and plays the game, the more money the non profit will make.

Mr. Greene stated the Board had considered the suggestions brought by the public and there was no new discussion on the issue for the Board to consider.

**Next Meeting Date**

The Board will hold a meeting on May 6, 2010 at 1:00 p.m. in Conference Room B of the Cannon Bldg, 861 Silver Lake Blvd, Dover, Delaware, 19904.

**Adjournment**

There being no further business before the Board, Mr. B made a motion, seconded by Mr. A to adjourn the meeting at 3:10 p.m. The motion was unanimously approved.
